Administrative Information

Course Synopsis:

A Guide to the Bodhisattva Way of Life is a Mahayana Buddhist text written in the 8th century by Indian master Shantideva(寂天菩薩). It is a great work of Buddhist literature that has been translated into various languages and a well-known work in many currents of Buddhism.

It shows the way to transcend the limitations of selfishness and realize the boundless compassion of the Bodhisattva. The central concept is *bodhichitta*, or the mind (*chitta* 心) that aspires and practices for the enlightenment (*bodhi* 菩提) of all beings. As all happiness comes from wishing others well, and all suffering from caring only for ourselves. *Bodhichitta*, Shantideva proclaims, is the best medicine for what ails the world.

In these 7 sessions, we will focus on Chapter 3: Full Acceptance of *Bodhicitta*.
